## **RESOLUTION 17-1**

Aro stated this was discussed at last week's work session. Genesee Central Dispatch has requested the City's support of the 9-1-1 surcharge increase. The proposal is to increase the surcharge from \$1.24 to \$1.86 per device. This item is tentatively scheduled to be placed on the May 2017 ballot for voter consideration. He stated the City receives 2.76% of Genesee County's 9-1-1 surcharge revenue and will result in approximately \$67,000 of additional revenue that would come to the City. He is recommending approval of a resolution in support of the surcharge increase request.

Markland asked if the additional \$67,000 in revenue is before or after the 20% service charge is applied. Aro responded \$67,000 is the gross amount, the 20% service charge would be deducted from that amount.

Osborn inquired if the City receives a breakdown of what's included with the service charge. Smith stated at last week's work session, the City Manager indicated he would speak with the County about negotiating a lower percentage and asked if anything had come of that.

Markland commented he, along with the Police Chief, are in the process of discussing this with Administrative staff from Genesee Central.

A motion was made by Smith and seconded by Draves to adopt Resolution No. 17-1, a resolution in support of a 9-1-1 surcharge increase.
